### **ROCKY POINT FIRE/EMS BOARD**

The January meeting opened with all  
Board members, Fire Chief, and 3 guests  
present. Flag saluted, minutes approved, and  
treasurer matters handled, the group moved  
on to the Fire Chief’s report.

Volunteers responded to 1 MVC without  
transport, 1 medical without transport, and 3  
medicals with transport. Next meeting will  
have more information about volunteer  
training.

Volunteers report began with Loren  
discussing supplies and merchandise he  
would like to see purchased with money  
donated to the department’s Disaster  
Preparedness Fund in Terry’s memory. He  
will submit a list for Board approval. Diana  
Newdall is a reactivated volunteer and now  
serves as secretary/treasurer of the  
Association. Christy McLaren has put her  
EMT training on hold temporarily.

The Board of Directors submitted a report  
which included a listing of the members:  
Mike Igou, president; Dean Grieb, vice  
president; Terry Roberts, treasurer; Rita  
Donato, secretary; and Tony Bixler, a  
director. The Board of Directors Guide is  
being updated. Two Board members, 2  
volunteers, and members of Quilt will meet  
on Jan. 18<sup>th</sup> to discuss Quilt’s contributions  
to the Department. The Board accepted the  
new agenda format of meetings, and any new

business items need to be emailed to Rita  
([rldonato@yahoo.com](mailto:rldonato@yahoo.com)) no later than a week  
prior to the upcoming meeting.

Old business included notice that a meeting  
with County Commissioners is tabled until  
March, after a meeting with Fire District 1.  
Rita Donato is researching the 2006 audit and  
will be contacting Peterson to determine the  
status of that audit.

The sole New Business item, future  
planning, is tabled until the February meeting.

General Discussion and comments  
addressed having our Board members possibly  
attend other District’s meetings and see how  
they’re conducted. How to handle donations  
received by individuals and organizations was  
also discussed.

You’re welcome at any of the  
meetings the 2<sup>nd</sup> Tuesday of each month.

Hall, 356-2205. This Institution is an equal

**RUNNIN' AROUND**

**Sligar and Malone**, after returning from an RV trip along the California coast and Desert Hot Springs, flew to Las Vegas for a long weekend to attend the Elton John Concert and visit the Valley of Fire SP. To their surprise, they met up with the Hedges and Blacks, who were also headed for Vegas from the Medford airport. Didn't this pair also meet up with the Wicklunds on a coast trip sometime earlier in the year?

So where were the **Hedges and Blacks** going after Las Vegas? All over the place—Indio, Yuma, Bob & Margaret's Havasu place, and all parts in between. That trip was after the Blacks also spent a weekend concert/show hopping toward Eugene.

Speaking of the **Dearings**, they also hosted **Oswalds** for a long Superbowl weekend, followed by a visit from the **Griebs**, which preceded the **Black/Hedges** slumber party. While we're on the subject of the **Griebs**, they abandoned the cat and gypsied themselves from family member to family member in California before making it to Lake Havasu. Certainly there was a casino stop or two in their nearly month-long trek.

**Rusts** finally got to smother their new granddaughter with tons of smooching, under the watchful eyes of the 2 Washington grandsons. **Terry & Rosie** tried their luck during an overnigher at Seven Feathers, **Loren** visited Eureka for yet another event, and **Eddie** hit the back country for his annual rendezvous camp out. Oh, and **Oswalds** also took a vacation from their vacation by going to Mexico.

**Sullivans and Wests** celebrated Greg's birthday with an elegant dinner at the Cowboy Dinner Tree, along with a couple of days exploring that interesting and vast vicinity out east.

**GENERAL HOSPITAL**

The medical community might as well consider putting a hospital in Rocky Point for all the business we provided recently. **Sandy Briery** replaced her worn-out hip, and **Bud Harvey** likewise replaced a worn-out knee. **Jack Metler** got his heart fixed, and **George Harris** needed help fighting an infection. **Donna Bixler** now has clear carotid arteries. All are healing nicely.

**CONDOLENCES**

Sympathy to **Ken Anderson's family**, following the death of his mother.

Former residents **Ginny Hays and Jeanne Laird** also passed away recently.

**HOW GREAT IS THIS!**

**Metlers** joined the throngs of new baby welcomers with a new great grandson.

A big thank you to the **Kings**, who donated about a year's worth of envelopes to the newsletter staff. Those nice contributions help keep subscription costs down and local distribution free.

**FROM THE READERS**

**Loren** says the cockatiel is a great pet, but it's time for it to be somebody else's pet. Call him if you're interested in giving this great bird a new home (541 356-2260).

**Dwight Tracy** says this is his last tomato report from Florida. Apparently he has all the tomatoes he wants, or he's tired of flaunting.

**George** at Lake of the woods says there's really good ice up there, and they've had a lot of weekend fishermen. Thanks to

all the locals who have supported the resort during their open weekends at the marina.

**Liz** at Crystalwood is offering a Spring Fling deal. Book during March for a stay anytime through June and get an extra night free—individual rooms or the entire lodge. Go to Crystalwood's Facebook page and "like," then phone reservations. (866 381-2322).

The **Ruddy Duck Restaurant** is now open in the Running Y Lodge. Open 7 days a week, serving breakfast, lunch, & dinner.

**WANTED**

Old wool sweaters and wool shirts for a craft project. Drop them off any Tuesday morning at the Aspen Room.

**FYI**

Recently a rumor circulated about county transfer station closures. We asked County Commissioner Dennis Linthicum about the status of that issue, and this is his reply: *"Yes, the County is reviewing the operating losses which stem from our transfer station operations. Currently, we have no definitive plans, specific sites, or possible dates. Yet, nearly all of the County's transfer stations are operating at substantial losses, so we will target the biggest losers first."*

*Basically, our County's budget problems will necessitate every departments' diligence in keeping cost down and losses at a minimum. This will include our Solid Waste Division, but I'm sorry, I don't have any specifics for you or your community."*
